

**First project of Muaawin-e-Ilm Gujrat  
held in Misali Model High School**

### Purpose of the project:

Allah SWT has chosen all of us for the noble cause of helping others and we are the fortunate ones. Muaawin-e-ilm Gujrat conducted its first project in the district Gujrat. The core purpose of our project was to provide the underprivileged students of Misali Model Secondary School, with the necessary things like school bags, uniform and shoes etc.

### Location of project:

Misali Model Secondary School was the location of Muaawin-e-ilm Gujrat project. This school is situated near Kharian, district Gujrat.

### Details about school:

Misali Model Secondary School is a private school where the number of students is 50. It was started by Malik Yousuf (the Principal) in 2014. Though, it is a private school yet the students here do not enjoy the luxuries like other private school's students do. Total number of classrooms in the school is 5. The school could not afford to have many facilities. Fathers of many of the students studying here are labors, daily wagers or deceased.

### Official visit:

The head and volunteers from Gujrat team visited the school twice. We met the principal, students, and teachers of the school there. We tried to have a great interaction with the students there. In the first visit, we asked and investigated about the different needs of students like shoes, school bags, uniform, stationery, and books.

In the second visit, MUAAWIN-E-ILM Gujrat volunteers got the students prepared for the project day. They prepared Tillawat, Naat and some national songs.

### Help of the needy students other than Misali School:

The school had 13 students who told us about their different needs. Because of this less number, Muaawin-e-ilm Volunteers decided to help some more students who were not studying in this school but they were living in different areas of our volunteers. Those students were also needy and Muaawin-e-ilm volunteers asked about their needs too. The number of these students was 15.

### Donation Call:

Muaawin-e-ilm Gujrat started a campaign to ask for donations. For this purpose, a poster was made and spread all around the social media sites, like Whatsapp, Facebook, Instagram and Twitter because social media is truly a best medium to spread any information. Also Muaawin-e-ilm gujrat volunteers contacted with their friends and families to get donations from them.

- ❖ We collected donations of Rs 26,000.

### Purchase Process:

Our volunteers purchased the required things all by themselves. While purchasing they focused on to purchase the economical prices and made sure that the quality of the things should be good.

### Eid gifts:

As Eid ul Azha was also near, so we decided to give Eid gifts to these needy children too. For boys, Independence Day badges, sunglasses and watches and for girls, mehndi and bangles were bought.

### Packing:

Packing was all done by the our volunteers with great and appreciable efforts. They packed all the things in the bags with printed logo of Muaawin-e-Ilm.

And this is how all the preparations were very effectively done before the project day.
